These accent scales will be used consistently for interactive elements, buttons, links, indicators, and key brand moments across both light and dark modes.

Each option is designed to work harmoniously with our core neutrals while bringing its own personality to The List experience.

03. TYPOGRAPHY

A REFINED TYPE SYSTEM FOR THE LIST.

01. TYPE SYSTEM

Our typography system combines a refined display sans with a clean, legible sans-serif and a monospaced font for data and interface. This creates a modern, premium and unmistakably elegant tone.

DISPLAY / HEADLINES

Aa **NEUE HAAS GROTESK DISPLAY**
Light / Regular / Medium
Used for H1–H3, big statements, hero headlines, brand moments.

BODY / UI & PARAGRAPHS

Aa **NEUE HAAS GROTESK**
Regular / Medium / Bold
Used for body text, labels, buttons, navigation, and UI.

DATA / META

Aa **IBM PLEX MONO**
Regular / Medium
Used for tables, timestamps, codes, and system data.

02. TYPE SCALE

STYLE		SIZE / LINE HEIGHT	WEIGHT / TRACKING

05. HIERARCHY PRINCIPLES

MOST IMPORTANT ↑ ↓ LEAST IMPORTANT	H1 / DISPLAY Big ideas, hero moments
	H2 / HEADLINE Keywords, sections, page titles
	H3 / SECTION TITLE Organizes the content
	H4 / SUBHEAD Provides additional context
	BODY / PARAGRAPH Supporting details
	CAPTION / LABEL Meta information

Use scale, weight, and spacing to create a clear visual hierarchy.
Keep headlines elegant and minimal.
Use sentence case for subheadings and body text for improved readability.

06. DO'S & DON'TS

- ✓ Use the right scale for impact and clarity.
- ✓ Keep headlines short and intentional.
- ✓ Use accents consistently for actions and emphasis.
- ✓ Ensure strong contrast for accessibility.
- ✓ Use sentence case for better readability.
- ✗ Don't use too many font weights in one interface.
- ✗ Don't write headlines in all caps (except small tags/overlines).
- ✗ Don't stretch, skew, or alter the typeface.
- ✗ Don't rely on color alone to convey meaning.
- ✗ Don't use decorative fonts or effects.

07. TYPE + COLOR REFERENCE

07. IMAGERY

MOMENTS WORTH BEING ON THE LIST FOR.

Our imagery captures the energy, intimacy, and exclusivity of experiences across The List. It's real, atmospheric, and candid—focused on people, places, and moments that feel worth discovering.

OUR APPROACH

-  **AUTHENTIC & CANDID**
Real moments over posed. People in their element.
-  **ATMOSPHERIC LIGHTING**
Natural, ambient, and mood-led lighting over harsh flash.
-  **HUMAN CONNECTION**
Stories of friends, connection, and shared experiences.
-  **EXCLUSIVE, NOT EXCESSIVE**
Subtle luxury through detail, not overt displays.
-  **LOCAL AT HEART**
Rooted in Lebanese culture and global energy.

COMPOSITION

PREFERRED

- ✓ Natural movement & candid moments
- ✓ Environmental storytelling
- ✓ Over-the-shoulder perspectives
- ✓ Depth, layers, and real atmosphere

AVOID

- ✗ Overly posed or directed shots
- ✗ Studio or stock photography
- ✗ Flash-heavy or overexposed images
- ✗ Perfection and repetition

LIGHTING

PREFERRED

- ✓ Golden hour & sunset glow
- ✓ Ambient & practical lighting
- ✓ Neon, reflections & city lights
- ✓ Warm highlights, rich shadows

AVOID

- ✗ Harsh flash or direct lighting
- ✗ Flat, overexposed scenes
- ✗ Unrealistic color casts

 **PEOPLE** Real connections. Genuine energy.

 **PLACES** Spaces that set the scene.

 **MOMENTS** The experiences that stay with you.

Imagery is a key part of The List's identity. These guidelines ensure our visuals feel cohesive, authentic, and unmistakably The List.

When in doubt: capture the moment, not the pose.
